

ELEGANCE

DOOR WITH TRAVERSE

TRAVERSE TYPE

Standard mullion

Mullion 2 traverses

Design mullion

Design mullion
2 traverses

Vertical traverse

Grooved or flat panel

The traverse position must respect the following specs:

	Vertical traverse	Horizontal traverse with standard mullion	Horizontal traverse with design mullion	Horizontal traverse
Minimum width	7 1/4"	7 1/2"	See specs on Mullion Doors page	4 3/4"
Minimal height	4 3/4"	10 1/8"		7 1/4"
Minimum (top of the door to traverse center)	Always centered	6 1/2"		3 3/8"

Grooved panel is not available with vertical traverse.

Our door model 7051 features a fifth batten that can be positioned either vertically or horizontally.
